

## **Out of Network Pharmacies**

Network Health Insurance Corporation has made arrangements with in-network pharmacies to provide prescription drugs to our members. We may, however, cover drugs filled at an out-of-network pharmacy in limited, non-routine circumstances. Examples of such circumstances include no in-network pharmacy available, or a high cost or unique drug not stocked at an accessible in-network pharmacy. If you do use an out-of-network pharmacy, you may have to pay the full cost of your prescription. You may submit a claim form for reimbursement, however even after we reimburse you, you may pay more for the drug because the out-of-network pharmacy's price is higher than what an in-network pharmacy would have charged. You may only request reimbursement on a prescription filled at an out-of-network pharmacy up to three times per calendar year. For additional information, please call 1-800-378-5234.
